

# Triune Seating

**Contract 425E**

**The Most Comfortable Chair In The Office!**

Triune's designs are carefully created to conform to all the critical angles and shapes of your body. They use a unique self-adjusting suspension system to cradle all the pressure points including the lumbar support. They incorporate a soft front and top edge to insure the ultimate in comfort.

**The Best Seating Value Available Anywhere!**

At Triune, Value is a part of the engineering process. The materials, the methods of construction and the production techniques combine to give you unsurpassed value. Triune operates a low overhead factory, with concerned employees. They are committed to the highest level of quality and consistent delivery schedules.

At Triune, the comfort is engineered during the design phase. Relax and enjoy.

There are no shortcuts to value. It is a result of total commitment.
